- Protect and preserve our water supply. Join us in a partnership to conserve this precious resource.
- Our goal is to reduce water usage by 5% per capita per day.
- Do at least one thing a day to save water. Even if the savings are small, every drop counts.
- Visit [www.amarillo.gov](http://www.amarillo.gov) for conservation tips and more information about Every Drop Counts.

## New on your utility bill:

- You can now compare your water consumption to the same month last year.
- Look for the *Conservation Tip of the Month* on your monthly bill.
- Rates are designed to encourage conservation. The highest rate is charged for usage over 30,000 gallons.
- Save water. Save money.
